Where
Seattle Central College, Capitol Hill neighborhood of Seattle, WA

Expected attendance
400+ over the course of both days

About
SeaGL (the Seattle GNU/Linux conference) is Seattle's grassroots free/libre/open source software, hardware, and culture summit. Founded in 2013, SeaGL now features over 50 talks, four keynotes, and the Cascadia Community Builder Award. Join speakers and participants from around the world for Seattle's **FREE**, as in freedom and coffee, GNU/Linux conference.

Enterprise and Non-profit Exhibitors

We will have a modest hall available for exhibitors. There are several sponsorship levels for commercial enterprises. If you have any questions about the hall or are interested in food and beverage sponsorship opportunities, please send an email to **sponsor@seagl.org** so we can follow up.

Free tables will be available for local non-profit or educational organizations. If your nonprofit organization would like an exhibit table at SeaGL, please send an email to **sponsor@seagl.org** telling us about your work, support, or outreach with the free and open source software community in Seattle.

*** *Exhibitor space is limited, so please contact us right away if you are interested in a table. We aim for 50% enterprise and 50% non-profit.* ***

Sponsorship Options

SeaGL depends on community support! We are interested in talking with you about creative ways to sponsor this year's event. If you would like to offer financial support but don't need an exhibit table or would like to offer some type of in-kind support, please send an email to **sponsor@seagl.org**.
